* Savings from enrolling in a dental benefits plan will depend on various factors, including how often participants visit the dentist and the cost of services covered. Negotiated fees for non-covered services may not apply in all states.

Like most group benefits programs, benefit programs offered by MetLife and its affiliates contain certain exclusions, exceptions, reductions, limitations, waiting periods and terms for keeping them in force. Please contact MetLife or your plan administrator for costs and complete details.
Understanding Your Dental Plan

A plan designed with you in mind. Get service and support for a healthier smile and a healthier you with the MetLife Preferred Dentist Program (PDP). It’s a Dental Preferred Provider Organization (PPO) that gives you dental benefits for a wide-range of covered services.

Not only is it easier, but it can be more affordable to visit your dentist regularly. You get protection for better health and the unexpected.

Freedom of choice to go to any dentist.
You have the flexibility to visit any dentist — your dentist — and receive coverage under the Plan. If you choose a dentist who does not participate in the network, your out-of-pocket costs may be higher because MetLife’s negotiated fees do not apply.

With more than 158,000 participating network dentist access points nationwide, including more than 39,000 for specialists, there’s a good chance your dentist is in our network. Plus, you can rest easy knowing our dentists have passed a rigorous selection process.

Additional savings when visiting an in-network dentists.
Your out-of-pocket costs are usually lower when you visit an in-network dentist. That’s because MetLife’s negotiated fees with PDP (in-network) dentists are typically 15 to 45% less than average dental fees in the same community. This may help lower your final costs and stretch your annual maximums.

Plus, the negotiated fees may extend to services not covered under your plan and services received after your plan maximum has been met.¹

Service where and when you want it.
Managing your dental benefits is easy. We provide more service — less paperwork — less worries. MyBenefits is MetLife’s secure self-service website. You can use the site to get estimates on care or to check coverage and claim status.

Educational tools and resources.
The right dental care is an essential part of good overall health. That’s why you and your dentist get a wealth of information and valuable tools, to help make informed decisions about your oral health. You’ll find a range of helpful topics on our online dental education website, www.metlife.com/dental. Read up on topics like family dental health, the link between dental and overall health, and kids dental health. Plus, you can take risk assessments to better understand your personal risk for dental disease.
Your dental benefits plan includes several components that, when clearly understood, can help you use your benefits more effectively.

1. **Coverage Types.** Dental procedures are grouped into the following categories: Preventive (Type A), Basic Restorative (Type B), Major Restorative (Type C), and Orthodontia (Type D). Your group's plan determines how each procedure is categorized (Type A, B, C, D). Generally, benefits for Type A procedures pay at the highest benefits level because they prevent and diagnose dental disease.

2. **Co-insurance.** The co-insurance percentage helps determine what your out-of-pocket costs will be for each coverage type. Each Type - A, B, C, and D - has a pre-set percentage that represents what your plan will reimburse for the services in each category. Your total out-of-pocket responsibility is subject to any deductibles, benefit maximums, plan provisions, if you receive services out-of-network, and your plan's basis for reimbursement. Please see your Dental Plan Benefits Summary for more information.

3. **Deductible.** This is the amount you must pay out-of-pocket before benefit payments will be made by the plan. For most plans, the deductible amounts for in-network services are less than the amount for out-of-network services. Many plans do not require a deductible be met for Type A services.

4. **Annual Maximum Benefit.** This is the total amount the plan will pay in the plan year. Once this amount is reached, no further benefits will be paid. However, you are still eligible to receive services at the negotiated (PDP) fees when visiting a PDP dentist.

5. **Orthodontia Lifetime Maximum.** Not all plans cover Orthodontia Treatment. If your plan covers Orthodontia there is a Lifetime Maximum that is applicable only to Orthodontia. This does not affect your Annual Maximum Benefit for Types A, B and C coverages. The Lifetime Maximum is the total amount the plan will pay for orthodontic services for each covered person (subject to any plan age limitations). Once this amount is reached, no further benefits will be paid. However, you are still eligible to receive services at the negotiated (PDP) fees when visiting a PDP dentist.
Understanding Your Dental Plan (continued)

Putting it all together – maximizing the value of your dental benefits.

- Take advantage of the in-network benefits by visiting a PDP dentist to reduce your out-of-pocket costs.
- Keep a healthy dental regimen by getting routine exams and cleanings – the cost of preventive services (Type A) is usually less than the cost for fillings, root canals, extractions, etc. – and can help to prevent the incidence of these higher-cost treatments.
- Use the Dental Procedure Fee Tool, provided by go2dental.com, to approximate the fees for in- or out-of-network services such as exams, cleanings, fillings, crowns, and more. This tool is accessible via the MyBenefits website.
- It is recommended that you request a pre-treatment estimate for more costly services (those over $300), so you will know what your out-of-pocket costs will be. To receive a benefit estimate, have your dentist submit a request online at www.metdental.com or by calling call 1-877-MET-DDS9 (phone number and website for dental professionals only).
- Visit the dental education website at www.metlife.com/mybenefits for important tools and resources to help you become more informed about dental care.

1. Savings from enrolling in a dental benefits plan will depend on various factors, including the cost of the plan, how often participants visit the dentist and the cost of services rendered. Negotiated fees on non-covered services may not apply in all states.
2. Out-of-network fee information is provided by go2dental.com, Inc., an industry source independent of MetLife. This site does not provide the benefit payment information used by MetLife when processing your claims. Prior to receiving services, pre-treatment estimates through your dentist will provide the most accurate fee and payment information.

Common Questions... Important Answers

Who is a participating Preferred Dentist Program (PDP) dentist? A participating dentist is a general dentist or specialist who has agreed to accept MetLife’s negotiated fees as payment in full for services provided to plan participants. PDP fees typically range from 15-45% below the average fees charged in a dentist’s community for the same or substantially similar services.

*Based on internal analysis by MetLife.

How do I find a participating PDP dentist? There are more than 158,000 participating PDP dentist locations nationwide, including over 59,000 specialist locations. You can receive a list of these participating PDP dentists online at www.metlife.com/mybenefits or call 1-800-GET-MET8 to have a list faxed or mailed to you.

What services are covered by my plan? All services defined under your group dental benefits plan are covered. Please review the enclosed plan benefits to learn more.

Does the Preferred Dentist Program (PDP) offer any discounts on non-covered services? MetLife's negotiated fees with PDP (in-network) dentists may extend to services not covered under your plan and services received after your plan maximum has been met, where permitted by applicable state law. If you receive services from a PDP dentist that are not covered under your plan or where the maximum has been met, in those states where permitted by law, you may only be responsible for the PDP (in-network) fee.

May I choose a non-participating dentist? Yes. You are always free to select the dentist of your choice. However, if you choose a dentist who does not participate in the MetLife PDP, your out-of-pocket expenses may be more, since you will be responsible to pay for any difference between the dentist’s fee and your plan’s payment for the approved service. If you receive services from a participating PDP dentist, you are only responsible for the difference between the PDP in-network fee for the service provided and your plan’s payment for the approved service. Please note: any plan deductibles must be met before benefits are paid.

Can my dentist apply for PDP participation? Yes. If your current dentist does not participate in the PDP and you'd like to encourage him or her to apply, tell your dentist to visit www.metdental.com, or call 1-877-MET-DDS9 for an application. The website and phone number are designed for use by dental professionals only.

How are claims processed? Dentists may submit your claims for you which means you have little or no paperwork. You can track your claims online and even receive e-mail alerts when a claim has been processed. If you need a claim form, visit www.metlife.com/mybenefits or request one by calling 1-800-GET-MET8.

Can I find out what my out-of-pocket expenses will be before receiving a service? Yes. MetLife recommends that you request a pre-treatment estimate for services in excess of $300. Simply have your dentist submit a request online at www.metdental.com or call 1-877-MET-DDS9. You and your dentist will receive a benefit estimate for most procedures while you're still in the office. Actual payments may vary depending upon plan maximums, deductibles, frequency limits and other conditions at time of payment.

How can I learn about what dentists in my area charge for different procedures? If you have MyBenefits you can access the Dental Procedure Fee Tool provided by go2dental.com where you can learn more about approximate fees for services such as exams, cleanings, fillings, crowns and more. Simply visit www.metlife.com/mybenefits and use the Dental Procedure Fee Tool to help you estimate the in-network (PDP fees) and out-of-network fees* for dental services in your area.

* Out-of-network fee information is provided by go2dental.com, Inc., an industry source independent of MetLife. This site does not provide the benefit payment information used by MetLife when processing your claims. Prior to receiving services, we recommend that you obtain pre-treatment estimates through your dentist.

Can MetLife help me find a dentist outside of the U.S. if I am traveling? Yes. Through international dental travel assistance services you can obtain a referral to a local dentist by calling +1-312-359-6970 (collect) when outside the U.S. to receive immediate care until you can see your dentist. Coverage will be considered under your out-of-network benefits.** Please remember to hold on to all receipts to submit a dental claim.

** International Dental Travel Assistance services are administered by AXA Assistance USA, Inc. AXA Assistance is not affiliated with MetLife, and the services they provide are separate and apart from the benefits provided by MetLife.

How does MetLife coordinate benefits with other insurance plans? Coordination of benefits provision in dental benefits plans are a set of rules that are followed when a patient is covered by more than one dental benefits plan. These rules determine the order in which the plans will pay benefits. If the MetLife dental benefit plan is primary, MetLife will pay the full amount of benefits that would normally be available under the plan. If the MetLife dental benefit plan is secondary, most coordination of benefits provisions require MetLife to determine benefits after benefits have been determined under the primary plan. The amount of benefits payable by MetLife may be reduced due to the benefits paid under the primary plan.

Alternate Benefits: Your dental plan provides that where two or more professionally acceptable dental treatments for a dental condition exist, your plan bases reimbursement, and the associated procedure charge, on the least costly treatment alternative. If you and your dentist have agreed on a treatment which is more costly than the treatment upon which the plan benefit is based, your actual out-of-pocket expense will be: the procedure charge for the treatment upon which the plan benefit is based, plus the full difference in cost between the scheduled PDP fee or, if non PDP, the actual charge, for the service actually rendered and the scheduled PDP fee or R&C fee (if non PDP) for the service upon which the plan benefit is based. To avoid any misunderstandings, we suggest you discuss treatment options with your dentist before services are rendered, and obtain a pre-treatment estimate of benefits prior to receiving certain high cost services such as crowns, bridges or dentures. You and your dentist will each receive an Explanation of Benefits (EOB) outlining the services provided, your plans reimbursement for those services, and your out-of-pocket expense. Procedure charge schedules are subject to change each plan year. You can obtain an updated procedure charge schedule for your area via fax by calling 1-800-942-0854 and using the MetLife Dental Automated Information Service.

Cancellation/Termination of Benefits: Coverage is provided under a group insurance policy (Policy form GPNP99) issued by MetLife. Coverage terminates when your membership ceases, when your dental contributions cease or upon termination of the group policy by the Policyholder or MetLife. The group policy terminates for non-payment of premium and may terminate if participation requirements are not met or if the Policyholder fails to perform any obligations under the policy. The following services that are in progress when coverage is in effect will be paid after the coverage ends, if the applicable installment or the treatment is finished within 31 days after individual termination of coverage: Completion of a prosthetic device, crown or root canal therapy.

Like most group benefit programs, benefit programs offered by MetLife and its affiliates contain certain exclusions, exceptions, reductions, limitations, waiting periods and terms for keeping them in force. Please contact MetLife or your plan administrator for costs and complete details.

Tips for easy dental claim filing
Filing a dental claim is simple and there's no paperwork if your dentist submits your claims for you. Also, by keeping the following tips in mind, you can help make it even easier:

  - Download them from the MyBenefits site.

Our Privacy Notice

We know that you buy our products and services because you trust us. This notice explains how we protect your privacy and treat your personal information. It applies to current and former customers. "Personal information" as used here means anything we know about you personally.

Plan Sponsors and Group Insurance Contract Holders

This privacy notice is for individuals who apply for or obtain our products and services under an employee benefit plan, or group insurance or annuity contract. In this notice, "you" refers to these individuals.

Protecting Your Information

We take important steps to protect your personal information. We treat it as confidential. We tell our employees to take care in handling it. We limit access to those who need it to perform their jobs. Our outside service providers must also protect it, and use it only to meet our business needs. We also take steps to protect our systems from unauthorized access. We comply with all laws that apply to us.

Collecting Your Information

We typically collect your name, address, age, and other relevant information. We may also collect information about any business you have with us, our affiliates, or other companies. Our affiliates include life, car, and home insurers. They also include a bank, a legal plans company, and securities broker-dealers. In the future, we may also have affiliates in other businesses.

How We Get Your Information

We get your personal information mostly from you. We may also use outside sources to help ensure our records are correct and complete. These sources may include consumer reporting agencies, employers, other financial institutions, adult relatives, and others. These sources may give us reports or share what they know with others. We don't control the accuracy of information outside sources give us. If you want to make any changes to information we receive from others about you, you must contact those sources.

Using Your Information

We collect your personal information to help us decide if you're eligible for our products or services. We may also need it to verify identities to help deter fraud, money laundering, or other crimes. How we use this information depends on what products and services you have or want from us. It also depends on what laws apply to those products and services. For example, we may also use your information to:

- administer your products and services
- process claims and other transactions
- perform business research
- confirm or correct your information
- market new products to you
- help us run our business
- comply with applicable laws

Sharing Your Information With Others

We may share your personal information with others with your consent, by agreement, or as permitted or required by law. For example, we may share your information with businesses hired to carry out services for us. We may also share it with our affiliated or unaffiliated business partners through joint marketing agreements. In those situations, we share your information to jointly offer you products and services or have others offer you products and services we endorse or sponsor. Before sharing your information with any affiliate or joint marketing partner for their own marketing purposes, however, we will first notify you and give you an opportunity to opt out.

Other reasons we may share your information include:

- doing what a court, law enforcement, or government agency requires us to do (for example, complying with search warrants or subpoenas)
- telling another company what we know about you if we are selling or merging any part of our business
- giving information to a governmental agency so it can decide if you are eligible for public benefits
- giving your information to someone with a legal interest in your assets (for example, a creditor with a lien on your account)
- giving your information to your health care provider
- having a peer review organization evaluate your information, if you have health coverage with us
- those listed in our "Using Your Information" section above

**HIPAA**

We will not share your health information with any other company – even one of our affiliates – for their own marketing purposes. If you have dental, long-term care, or medical insurance from us, the Health Insurance Portability and Accountability Act ("HIPAA") may further limit how we may use and share your information.

**Accessing and Correcting Your Information**

You may ask us for a copy of the personal information we have about you. Generally, we will provide it as long as it is reasonably retrievable and within our control. You must make your request in writing listing the account or policy numbers with the information you want to access. For legal reasons, we may not show you anything we learned as part of a claim or lawsuit, unless required by law.

If you tell us that what we know about you is incorrect, we will review it. If we agree, we will update our records. Otherwise, you may dispute our findings in writing, and we will include your statement whenever we give your disputed information to anyone outside MetLife.

# Dental Identification Cards

This page contains two dental identification cards. While you are not required to show the card to your dentist as proof of coverage, it does include your group number. You can give the number to your dentist or use it if you need to file a claim. Please note: MetLife provides all dental offices, in- and out-of-network, with access to patient eligibility and benefit information. The information is available on-line and via a dedicated dental office toll-free number. All you need to do is notify your dentist office that MetLife is your dental provider when scheduling an appointment.
